Subject: RE: Date Change: Mt. Hope Bay/Taunton River Estuary Monitoring Strategy
Attachments: MtHopeBay_MonitoringStrategy_Agenda_020118.docx

Hello,

This is a reminder that the Mt Hope Bay/Taunton River Estuary Monitoring Strategy meeting has been moved to February 1 at MassDEP's offices in Lakeville. The agenda is attached. Also, if you haven't already done so, please take a moment to fill out the following survey: https://www.surveymonkey.com/r/MassDEP_MHB_Taunton_Monitoring.

In the event that the federal government is still shut down next week, we will need to reschedule this meeting once again. I will keep you posted.

Regards,
Becky

Importance: High

Happy New Year,

This meeting has been moved to February 1, 2018 from 10-3. It will still be held at MassDEP's Lakeville office. Next week, I will send out a meeting invite for those of you, like me, who rely on your outlook calendar! Stay warm!

Regards,
Becky

Subject: Invitation: Mt. Hope Bay/Taunton River Estuary Monitoring Strategy

Hello,

I would like to invite you to MassDEP's Lakeville office on January 23, 2018 from 10-3 to discuss the development of a comprehensive Mount Hope Bay and Taunton River Estuary monitoring strategy. The goal of this effort is to collaboratively develop a monitoring strategy to assist all of us in answering key water quality questions for this water resource. We will kick off the meeting by providing an update on MassDEP's watershed initiatives, including the launch of two marine buoys and our review of our marine dissolved oxygen criteria in Mt Hope Bay. Then our partner, USGS, will present a strawman monitoring strategy that outlines draft indicators and sampling locations to answer a preliminary set of questions (trends in water quality, what uses are being attained, loading from point sources, and are water quality criteria attained). We will use this strawman monitoring strategy as our base and will layer in all of your efforts and needs. Our ultimate goal for this effort is the development of a comprehensive monitoring strategy that we all support and can commit to implementing.

In advance of this meeting, I am asking that you complete this brief survey:
https://www.surveymonkey.com/r/MassDEP_MHB_Taunton_Monitoring.

If I have missed a key stakeholder on this invitation, please let me know.

Please don't hesitate to call with any questions.

Sincerely,
Becky

Rebecca Weidman
